BUILDING A "SPIRITUAL BANK ACCOUNT"

When I have the opportunity to interview the young people in our ward, I try to do two things. One, to show my concern for their spiritual and physical well-being; and two, teach something that will help them to be better people. A favorite topic that we often discuss is that we are each in charge of our own spiritual development. No one else has the responsibility or the power to influence us spiritually more than we do ourselves.

When we reach a certain age we are able to choose and select depending on our personal desires. We are fortunate if we have friends and family members who are making good decisions. We are influenced greatly by their input into our lives. It's a blessing to associate with upwardly mobile people who are actively practicing the principles of the gospel.

We must always remember, regardless of our associations, that we are personally in charge of our spiritual development. Are we able to do something daily or hourly to insure that we develop our spiritual side. Prayers, scriptures, service to others, good music, uplifting books, fasting, church attendance, and expressions of love are "spiritual tools" that we should be using.

By growing spiritually, by making deposits to our own "spiritual bank account", we bless our own lives and the lives of those around us. It's my hope and prayer that we will take better charge of our spiritual lives during this coming year. Life has great things in store for us all. May the Lord bless us as we try to meet this challenge.

VALENTINE'S DAY TRADITIONS

ALMOND IN THE CAKE Prepare a heart-shaped cake with one almond or raisin
dropped into the batter. Whoever gets this in his piece of cake gets to
stay up half an hour later than usual that night.

LOVE NOTES The week preceding Valentine's Day make a centerpiece with a
heart-shaped box or a shoe box decorated with flowers around it. Put a
slit in the top of the box and, to the side, a pencil and a small note
pad. "LOVE NOTES" are written and deposited in the box throughout the
week by family members, then before eating your Valentine's Day dinner
read them!

VALENTINE'S DAY FAVORS Cut paper towel tubes into lengths of about four
inches, fill with goodies, and wrap in white tissue paper and red ribbons.
Place on the plate of each family member for dinner on Valentine's Day!

RED ROSES On Valentine's morning put a single red rose in your childrens
bedroom with a note of appreciation for their sweetness and beauty.

COOKIES Make Valentine Cookies and decorate them as a family on Valentine
Night. Deliver these heart-shaped cookies to special friends or a lonely
person who would feel loved with such a gift of love!

LOVE ACROSS THE MILES A week or two before Valentine's Day decorate a
shoebox and fill it with paper, pencils, and stamped envelopes. Set it
out where all can use it. Encourage the children to write one love or
thank you note a day to relatives you haven't seen in a while.

Happy

Valentine's

Day!

SOEUR ANNETTA SPOTTEN

Soeur Annetta Spotten has just received a new companion and they are enjoying the opportunity of teaching in Mont Bernud, France. They are finding many new challenges with the Mid-east crises. The day of the announcement of the war, she and her companion were with a family, seeking permission for a daughters baptism. The mother in the home told them of the announcement to see what their reaction would be. The girls they had been teaching walked them to the door to tell them good-bye. When they were out of hearing range of the mother they ask Annetta & her companion if they weren't frightened. They were surprised when the missionaries said they were not frightened and assured them that the Lord would protect them. That night when the sisters got home, the Mission President called them and gave them some precautions. Annetta said the new ten rules will make it more difficult to do missionary work, but she knows the rules are inspired and are for the safety of the missionaries.

ELDER BRIAN CLOWARD

Brian is serving in an area at the very top of the northern island of New Zealand. Their apartment overlooks the Tasman Sea and is a beautiful area. He sends pictures of Octopus on the beach and Possums in the trees in his yard.

The area has been closed to missionaries for 20 years and Brian and his companion are the first ones to work there again. He is very happy to be there.

Brian wants us to tape a football game and send it to the Branch Pres. there because he's tried to explain football to them and they can't understand. He also wants some basketball on the tape because they play a game called netball that is quite different.

He had a wonderful P day recently when a couple that his companion had baptized came to their area and took them on a tour of the Bay Islands for the day.

He says they have a large teaching pool and should be seeing some results soon.

ELDER DAN CLOWARD

Dan loves serving on the island of Barbados. He sent us a tape which he recorded during a regular day of missionary work and it gave us alot more insight than a letter could.

Barbados is a coral island and the coral had to be removed to build the road they were driving on. He said that they channel their water under the coral to clean it and they have very good water.

While listening to the tape we could hear a very loud noise that we couldn't identify and Dan told us that the frogs and crickets got very noisy at night and that what we were hearing was mild.

They are teaching many very good people who are really interested in the Gospel and are keeping them on their toes by asking alot of questions. They often use conference tapes to help answer questions of the investigators.

"HONOUR THY FATHER AND THY MOTHER:
THAT THY DAYS MAY BE LONG UPON
THE LAND WHICH THE LORD THY GOD
GIVETH THEE". Exodus 20:12

RICHARD ZORAD'S National Guard Unit has been called into action and they will be in Germany. DEAN CLOWARD is in this same unit. They left SL Jan. 28th.

We are proud of all of the men and women who are in the service of our country and want them to know that our hearts and thoughts are with them.

Mission News

ELDER ANDREW GLAD

Drew and his companion are enjoying the special spirit that comes with the baptism of converts. They baptised a member of the Church the last week of December and have some other contacts getting ready soon. In addition, they had the opportunity to teach a man who was in the local jail. However, he has been transferred to the state prison, so they'll have to wait till he is released to complete his teaching.

Drew, as well as the rest of our missionaries are adjusting to the new missionary financial plan and he is very grateful to the good saints there in Conroe, Texas, for the generous manner that they are treated. He and his comp were invited to Christmas Eve dinner, Christmas breakfast, lunch, and dinner, all with different families. He said he didn't need to eat for a couple days after that.

Drew's testimony grows with each passing day and he is enjoying the friendship of the Holy Spirit as he labors in the Texas hill country. He sends his love to all the members of the Brighton First Ward.

ELDER DARIN TEA

1722 Cherry Street
Mt. Carmel, Illinois 62863

Darin was transferred out of Hamilton, Ohio, on the 19th of December to a small town of about 8,600 people called Mt. Carmel, Illinois, on the Indiana-Illinois border. It is in the south east part of Illinois. His new companion is from Roosevelt, Utah. He said that the branch is small with about 35 active members and he is looking forward to meeting all of them. He is in a car and driving mission again for it takes about two hours from end to end of the mission with a lot of tiny towns and corn fields along the way.

Darin was privileged to baptize a young girl, Samantha, on Dec. 30th. Her mother is a non-member and her dad is inactive. Darin hopes that they can get the whole family active.

Darin was allowed to call home on Christmas Day and we really enjoyed talking with him and bringing him up to date on the latest happenings. It was his first Christmas away from home, but he said "I am glad to serve the Lord this time of the year". He said that they had ice storms out there that have taken down trees and power lines and everything looks crystalized.

GARRETT FREIR

313½ East Grant Street
Greenfield, Indiana 46140

Garrett has been transferred to Greenfield, Indiana. His defination of Greenfield---"White cloud; big barn; small dog; brown cow; frozen ground; windchill factor below 0. He is in a new zone and new apartment. They are on the "fair share" finance program and the mission president allows just \$100.00 per month for rent & utilities. Their apartment has no heat and he sleeps with layers and layers of clothes. The fire alarm goes off when they turn the oven on.

The area he is in is dominated by the Ku Klux Klan and Mormons are not highly thought of.

Garrett sends his love to members of our ward and wants us to know that he loves what he is doing. He says, "Keep the Faith".

CLAUDE & BERNICE DEAN

Bernice teaches an early morning seminary class. The subject is the Book of Mormon and it is very rewarding to be able to teach it. Claude takes the students to the nearby High School after seminary.

In early January their car slid off an icy road as they were on their way to Chimle (70 miles away). Their car had to be towed, but they are fine.

Brother & Sister Dean are privileged to be teaching several families. Two couples are planning to get married in June so that they can eventually go to the temple. One of the non-members has set his baptism date the day after he gets married. They have requested Elder Dean to perform the marriage ceremony.

One mother of a family they are teaching was in an auto accident and feels that she was not hurt because she had a Book of Mormon in the car. The car was wrecked.

Brother & Sister Dean have become so attached to the Navajo people they try not to think of leaving them. Their mission will be over in about 4½ months. (They may extend)

YOUNG WOMEN

The Young Women have started the new year off with excitement. We had a lovely evening with our parents on January 16th at our NEW BEGINNINGS program. We had a delicious dinner and spent the evening remembering the "Treasures of Our Hearts". The Young Women did a musical number, "My Favorite Things". It was an exciting night.

We have had a lot of fun this past year and are really looking forward to the future.
